—A newspaper friend who also is postmaster of his town recently told the writer that mails are dispatched and received from his office by freight. —The Cleveland Plain Dealer has absorbed the Cleveland Leader and Cleveland now has but one morning newspaper. Wayne county's oldest democratic paper has been merged with a competitor. —The farmer, if he only knew it, is a little nearer the kingdom of heaven than anyone on earth. He is certain of three square meals a day and is the only man who can fence himself in and live in spite of the rest of mankind. A few cats and a few fowls provide him with food and clothing, while his fields yield him flour and a source of revenue. So generous are these provisions and so common, that hardly one farmer in ten makes any account of them, although the ordinary business man has done well when he reaches the end of the year and finds that he has a little more than made ends meet.—Ex.

Welch, 1059 pounds milk, 5.1 fat, 50.35 pounds butterfat; Holstein, O. Johns, 1206 pounds milk; 2.7 fat, 32.90 pounds butterfat.

—Regardless of the fact that much publicity has been given the new Ohio law requiring all horse drawn as well as motor driven vehicles to carry lights at night only a very small per cent of such vehicles are equipped as prescribed. The law is a wise one and should not work any hardship upon anyone as the necessary lamps can be procured at reasonable prices. The danger of being struck by motor vehicles is too great for the driver of a horse drawn rig to attempt to travel at night without lights. To attain the greatest safety demands a strict compliance with the law. Any driver who is careless enough as to his own safety to ignore the law should be hauled into court and punished. The safety of others is at stake and they must be protected.

PRESIDENT, THE LEADER
The congress of the United States has been in session continuously since last April. It has filled enough pages of the Congressional Record, with talks which meant little, and bills which meant less, to keep every paper mill in the country working overtime. Yet in the matter of real accomplishment it has stood still.

Nothing has really been done in the face of the greatest crisis this country has ever seen.

The President awakened to this fact, and has taken upon himself the task of doing things, the burden of which congress should have assumed. By virtue of his office the President is the leader of his country and he has given indications that his leadership is to an aggressive one. Like the country he is tired of waiting on congress. Now congress can do the country's more kindly act than to adjourn and go home.

LOVE IN ACTION
Earnestness is love in action
In the world of our divines:
'Tis the power and attraction
'Tis the genius most sublime.

'Tis the striving for perfection,
Nothing else does satisfy;
'Tis the spirit revelation
'Seeking now the reason why.

What is life and law and nature?
Why are they extant away?
Why does instinct guide the creature
To the parting of the ways?

Erring man is never certain,
Seeking satiate not;
Finding more behind the curtain
Is the intent of his thought.

Analyzing and comparing,
Reaching out for something more;
Faltering not in despairing
Delving deep in ancient lore.

Ever hoping, ever striving
To discover the unseen;
Loving, loving, trying, dying
Passing on the God supreme.

WILSON URGES HIGH STANDARD

Message Issued to Men of New National Army

"KEEP YOURSELVES FIT"

Be Good Men as Well as Good Soldiers, He Advises Draftees—Restrictions Placed on Baggage.

President Wilson issued an address to the soldiers of the national army, obtained as a result of the operations of the selective draft law, and 5 per cent of which will move toward the mobilization cantonments on Sept. 5 to join the colors.

The address is brief but should serve as a classically written inspiration not only to every man in the national draft army but likewise to every soldier and sailor fighting for the American flag and what it represents.

The text of the president's address follows:

"To the soldiers of the national army:
"You are undertaking a great duty. The heart of the whole country is with you. Everything that you do will be watched with the deepest interest and with the deepest solicitude not only by those who are near and dear to you, but by the whole nation besides. For this great war draws us all together, makes us all comrades and brothers as all true Americans felt themselves to be when we first made good our national independence. The eyes of all the world will be upon you, because you are in some special sense the soldiers of freedom. Let it be your pride, therefore, to show all men everywhere not only what good soldiers you are, but also what good men you are, keeping yourselves fit and straight in everything and pure and clean through and through.

"Let us set for ourselves a standard so high that it will be a glory to live up to it, and then let us live up to it and add a new laurel to the crown of America. My affectionate confidence goes with you in every battle and every test. God keep and guide you.

Woodrow Wilson."
The men will not be permitted to take anything on the train except light hand baggage; bedding and changes of outer clothing will not be allowed.

PEACE INCIDENT CLOSED

Governor Lowden Has No Intention of Ousting Chicago Mayor.

Governor Frank O. Lowden, after conferences in Chicago, went to Ottawa, Ill., leaving an impression behind with his friends and associates that he considers the meeting of the People's Council of America for Democracy and Terms of Peace as a closed incident.

Attorney General Brundage, who talked with the governor, said the latter seemed to regard the fact that Mayor Thompson disregarded his instructions in protecting the meeting of the council also as a closed incident. It appeared that the governor, although he is said to have the power to start ouster proceedings against the mayor, has no present intention of doing so.

GERMAN ABOLISHED

Expunged From High School Curriculum by Washington (Pa.) Board.

By a vote of 4 to 3 the Washington (Pa.) school board abolished the teaching of German in high school, exempting students who have been studying the language and who desire to finish the course. Ina Darsie, principal, informed the board that few students have signified their intentions of continuing the study.

Three members of the board, who opposed the new ruling, asserted the teaching of German developed the pupils' mind, while those who favored it declared that, in view of the fact that the United States is at war with Germany, it was far better to drop anything that seemed pro-German.

Fourth War Loan For Canada.

A fourth war loan of \$150,000,000 probably will be floated in Canada in October. Terms have been discussed by Sir Thomas White and representatives of the Canadian Bond Dealers' association. Three war loans aggregating \$350,000,000 already have been taken up in the Dominion.

There is more Catarrh in this section of the country than at any other time in the world. Until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

JUST GOT OVER A COLD

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Canfield woman says:

Mrs. G. Fishel, Court Ct., Canfield, says: "I had backache and other symptoms of kidney trouble. When I took cold, it always settled on my kidneys and I had quite a bit of trouble with my bladder. I had heard a great deal about Doan's Kidney Pills, so I thought I would try them. They proved to be of great help to me. I am not without a box of Doan's in the house, although I have not needed a remedy for my kidneys or bladder for some time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Fishel had. Foster-Milburn Co., Props., Buffalo, N. Y.—adv.
